

Welcome to the **Dyslexia Action Shop**

Expert Advice, Easy Ordering, Fast Delivery

Who we are!

The Dyslexia Action Shop is a part of Real Group. We sell a wide range of books, resources, and assessments for schools, settings, and private practitioners.

We have been established for over 20 years!

We are run by a team of three.

Charlie

Gary

Monica

Today, we are going to showcase some of the newest, and best-selling, assessments currently available to order in the shop for your school, setting, or private practice.

Intelligence and Development Scales – 2nd Edition (IDS-2)

- A global cognitive and developmental assessment of the ‘whole child’, providing a complete profile of knowledge, strengths and needs
- Covers 30 subtests across six domains:
 - Intelligence
 - Executive Functions
 - Psychomotor skills
 - Social-emotional skills
 - Scholastic skills
 - Motivation and Attitude
- A flexible modular format allows personalisation of the testing session
- Recent UK norms and an extensive age range spanning 5 to 21 years
- SASC-authorized and British Psychological Society-registered
- Supporting resources including administration videos, scoring guides, eLearning and a new white paper on using the IDS-2 to identify dyslexia risk factors

CPEN2 - Exams and Normal Reader

MID TECH & User-Friendly – meaning sophisticated but easy to use. No setup so children are reading on their own within minutes

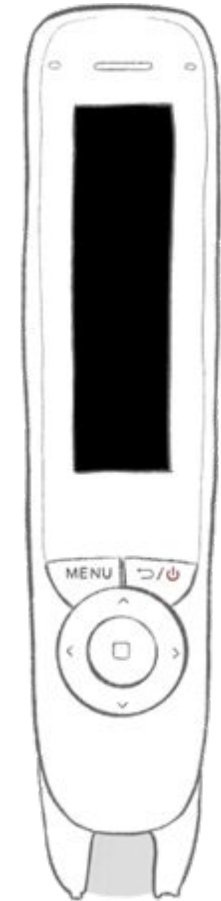

BUILT IN RECHARGEABLE BATTERY – can be used anywhere anytime

DICTIONARY LOOKUP – Instantly access definitions from multiple dictionaries including the Oxford Primary Dictionary

NO WIFI REQUIREMENT – the device is stand alone, so no need for internet connection

DISTRACTION FREE – Unlike using a tablet or smartphone to support reading, this device is designed specifically to support reading and keeps the child focused on reading

2HRS SCREEN TIME LIMIT – The American Heart Foundation recommend a maximum of 2hrs screen time per day (2018). Reading paper-based books are an obvious alternative

Woodcock Johnson

Comprehensive Assessment For Cognitive And Academic Skills

A SASC Approved Test

- One-stop shop – A single comprehensive testing suite with solutions for early childhood through adult and senior testing
- Time saving – select from subtests that are 3-10 minutes long
- Easy to use – user friendly instructions for both client and examiner
- Flexible – allowing you to tailor your assessment to individual students
- Trusted – the WJ-IV is a world leader in educational and clinical assessment

SPaRCS- (Spelling, Processing speed and Reading Comprehension Speed)

Apply for Access Arrangements

Reports standard scores, percentiles and confidence intervals
Reader, scribe, extra time

Core Subtests

Spelling

Single word spelling test (Administration time approx. 10- 15 minutes)

Processing Speed

Timed test. Letter & digit matching task (Administration time 2 minutes)

Reading Comprehension Speed

Timed test. Students read short passages and select, from a list of 4-5 words, missing words from sentences. Designed to assess a student's Reading Fluency. (Administration time 10 minutes)

Test Of Dyslexia-Screener, Early and Comprehensive Kit

TOD-Screener

Universal, group, or individual easy-to-use screener

- Administered online or on paper
- Helps with early identification

Use this brief assessment to determine an individual's Dyslexia Risk Index (DRI) and need for further assessment.

TOD Rating Scales

Co-normed rating scales used to enhance the assessment process

- Parent/Caregiver (also in Spanish)
- Teacher
- Self

TOD-E and TOD-C

TOD-Early and TOD-Comprehensive

Use the Early Dyslexia Diagnostic Index (EDDI) or the Dyslexia Diagnostic Index (DDI), TOD rating scales, and additional TOD diagnostic tests, if needed, to determine if the individual has dyslexia.

Dyslexia Interventions and Recommendations: A Companion Guide to the Tests of Dyslexia (TOD)

Use results from TOD-S and TOD-E or TOD-C to design a tailored intervention plan.

The TOD assesses key linguistic correlates of dyslexia as well as reading and spelling areas.

Reading and Spelling

Sight Word Acquisition
Phonics Knowledge
Basic Reading Skills
Decoding Efficiency
Spelling
Reading Fluency
Reading Comprehension Efficiency

Linguistic Processing

Phonological Awareness
Rapid Automatized Naming
Auditory Working Memory
Orthographic Processing
Visual-Verbal Paired-Associate Learning

Vocabulary and Reasoning

Vocabulary
Reasoning

DASH-2-Detailed Assessment of Speed of Handwriting, Second Edition (DASH-2) is a reliable measure of handwriting speed for children and young adults. DASH-2 helps identify functional handwriting difficulties and provides relevant information for intervention planning.

DASH-2 features

DASH-2 includes 5 subtests that are administered and scored by hand and allow comparison of handwriting performance during written tasks with varying demands.

The DASH-2 subtests:

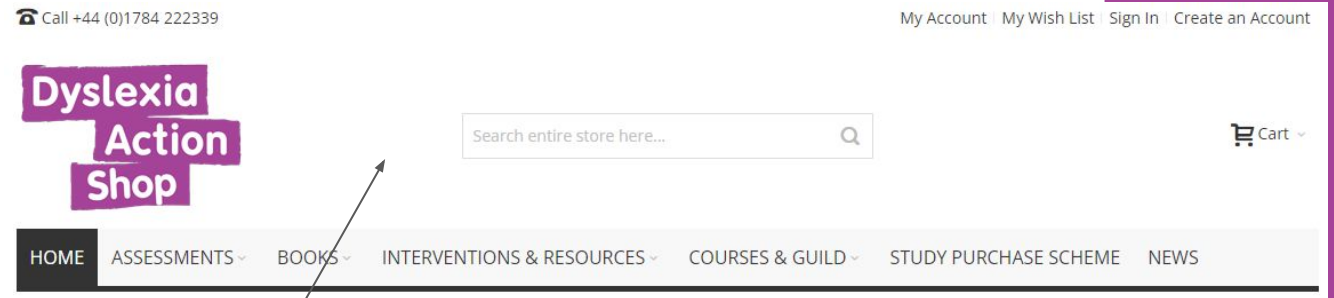

- Copy Best
- Alphabet Writing
- Copy Fast
- Free Writing
- Graphic Speed
