

The Dyslexia Guild

The Professional Association for Specialist Teachers, Practitioners and Assessors

Established in 1994, The Dyslexia Guild is a network of professionals who are committed to staying connected, and furthering their specialist teaching, assessment and support for those with dyslexia and other literacy difficulties. The Guild aims to promote discussion, information and research as well as keep members informed of developments in the field.

Who is it for?

The Guild is open to all those with a professional or general interest in dyslexia and specific learning difficulties (SpLD). Professional members hold designatory letters and include primary and secondary teachers, SENCOs and teaching assistants as well as Further and Higher Education support tutors and advisory specialists. Our network is also highly relevant to dyslexia and specific learning disability assessors, librarians and other specialists through Affiliate membership.
